

AHPCSA informed by the relevant authorities that you have completed the requirements as laid out in the AHPCSA Acts. It must be noted that the institutional requirements cannot be completed in excess of ***six months*** after the internship requirements and the opposite is true of the internship requirements (namely these cannot be completed in excess of ***six months*** after the completion of the institutional requirements).

Should this occur, the AHPCSA requires that the intern applying for registration as a practitioner, sit a ***competency test*** to ensure the proficiency of the intern prior to registration as a practitioner.
