1. INTRODUCTION

- 1.1. Graduation as a healthcare professional and registration as a practitioner does not guarantee that an individual's professional proficiency will be maintained for the rest of his/her professional life. There are two primary reasons for this: **Firstly**, the acquisition of new knowledge and skills for any health-related field is expanding constantly and this new knowledge is not always easily accessible by practitioners; and **secondly**, certain education and training acquired by students in healthcare professions may subsequently become out-dated after graduation.
- 1.2. The purpose of the CPD programme is to ensure that any practitioner who is registered with the AHPCSA maintains current, but also acquires new and updated levels of knowledge, skills and ethical performance that will be of measurable benefit in professional practice and enhance and promote professional integrity. The beneficiary will ultimately be the patient. All such practitioners are required to complete a programme of approved continuing professional development activities in each calendar year.
- 1.3. The activities are clustered together comprising a hierarchy of learning approaches and strategies. Practitioners shall select activities from the hierarchy to meet their particular needs or the specific demands of their practice environments. It is anticipated that the system will also address the specific South African healthcare environment by providing a range of activities that will allow the practitioners to meet the challenges faced in the current healthcare system.
- 1.4. The hierarchy of activities detailed includes traditional learning experiences such as, but not limited to, attendance at conference presentations, workshops, structured courses and quality assurance audits of practices or groups of professionals in their work environments.

2. ADMINISTRATION

- 2.1. The CPD system will be **administered by the Registrar on behalf of the AHPCSA and will be monitored by the CPD Committees**. The registrar may, with the approval of the Executive Committee of the council, appoint a third-party service provider to assist with the administration of the CPD system.
- 2.2. **Any individual practitioner that** attends CPD activities in order to comply with the statutory requirements as determined by the AHPCSA shall ensure that he/she is in possession of a certificate of attendance and upload the necessary certificate and/or documents on the CPD Administration online-platform and shall keep such certificates of attendance for a minimum of two years on record after the completion of the relevant cycle to comply with any random compliance check. When and if an AHPCSA CPD Administration online-platform has been

established, all practitioners shall register and utilise the CPD Administration website to record all their CPD activities.

2.3. **The CPD Committees** shall ensure that the requisite standards are met and maintained by the CPD service providers and shall be responsible for conducting quality checks on the activities of the CPD service providers offering CPD activities from time to time.

2.4. The Act provides for the approval of education and training as follows:

Section 16A: Control over training

- (1) *Notwithstanding anything to the contrary in any law contained, no person or educational institution shall offer or provide any education or training in any allied health profession to which the provisions of this Act apply, unless such education or training has been considered by the relevant professional board and approved by the council after considering a recommendation by the relevant board.*
- (2) *Any person or institution wishing to offer or to provide the education or training referred to in subsection (1) shall, before offering or providing such education or training, apply to the council in writing for its approval of such education or training and shall furnish such particulars regarding such education or training as the council may require.*
- (3) *The council may, after consultation with the relevant professional board, grant or refuse any application made in terms of subsection (2) and may, if it has granted such application, prescribe such conditions and requirements as it may deem fit subject to which the education and training in question may be provided.*
- (4) *The council may appoint a person to attend examinations in respect of any allied health profession regulated by or under this Act which are being conducted by a person or institution whose application has been approved by the council in terms of subsection (3).*
- (5) *Any person who contravenes or fails to comply with any provision of this section, or any condition or requirement prescribed there under, shall be guilty of an offence and liable on conviction to a fine or to imprisonment for a period not exceeding six months or to both a fine and such imprisonment.*

Provider's CPD Activity number; the topic of the activity; the level of the activity; the number of CEUs for that activity; and the attendance/completion date.

3.1.1 When an AHPCSA CPD Administration online platform has been established, such platform shall replace the manual Individual CPD Activity Record and all information shall then be required to be uploaded onto the AHPCSA CPD Administration online platform.

3.1.2 It will be the duty and obligation of each practitioner to ensure that his/her individual CPD record is uploaded onto the applicable AHPCSA CPD Administration online platform.

- 3.2. The AHPCSA Individual CPD Activity record, whether uploaded online or manually, must be updated regularly, within (2) two months from the date the CPD Activity has been completed or attended to and kept current with every learning activity attended or completed, so that it so that it accurately reflects the CPD activities of the practitioner.

4. COMPLIANCE VERIFICATION

- 4.1. **Individual practitioners** shall ensure that they are in possession of the standard certificate of attendance for every activity that they have attended. They shall keep these for at least a further two years after completion of the cycle so that their certificates shall be available if required for random compliance verification.
- 4.2. The CPD Committee may conduct compliance verification of individual practitioners at least once a cycle on a randomly selected sample of practitioners, either through the AHPCSA CPD Administration online-platform, or through the request of a hard copy of a CPD Individual Activity Form, with relevant annexures.
- 4.3. When an individual practitioner is **selected for compliance verification**, he/she is obliged to forward the Individual Activity Record for each profession in which he / she is registered as per **Annexure A** that may have been obtained during the CPD cycle under review **to the Registrar within 21 days** on receipt of notification and/or allow the Registrar to extract the necessary information from the AHPCSA CPD Administration online-platform. For Level 3 qualifications a certified copy of the qualification is required. **The required documents** may be submitted in one of the following ways:
- (a) Paper copies: Send by registered post to The Registrar, AHPCSA, Private Bag X28, Lynnwood Ridge, 0040;
 - (b) By hand delivery to the Registrar, AHPCSA, Castelli Suite, Il Villaggio, 5 De Havilland Crescent South, Perseus Technopark, Pretoria, or

5. CONTINUING EDUCATION UNITS (CEUs)

- 5.1. **The system operates on a basis of trust.** CEUs are linked to a hierarchy of learning activities based on whether the outcome is measurable or not, or is a structured learning programme.

- 5.2. CPD will run over a two (2) year cycle with all practitioners required to accumulate forty (40) **CEUs per cycle, fifty percent (50%) of which shall be profession-specific.**

- 5.3. A practitioner, who registers for the first time shall commence with his / her CPD programme immediately. **CEUs will be calculated on a pro-rata basis for persons registering after the cycle has commenced, for the remainder of the cycle.**

- 5.4. A practitioner who accumulates more than the required total of CEUs in a cycle will be permitted to carry over a maximum of ten (10) CEUs to the next cycle.

- 5.5. **A practitioner shall be required to obtain a minimum of four (4) CEUs in AHPCSA-specific Bioethics and Jurisprudence per CPD cycle, by attending any CPD bioethics and jurisprudence lecture presented by an AHPCSA-approved lecturer, alternatively by successful completion of an AHPCSA-approved bioethics and jurisprudence course, available at www.aromasa.org.za, for which a minimum of 70% pass rate is required for this MCQ course to qualify for four (4) CEUs.**

- 5.6. **Ethics CEUS granted by any other statutory health council for mere attendance as part of any other CPD activity are not recognised by the AHPCSA for Level 2.B.2: BIOETHICS AND JURISPRUDENCE WORKSHOPS.**

- 5.7. Cross Recognition of CEUs. If a CPD activity has been approved for a specific profession by a specific CPD Committee or approved by another South African statutory health council, all AHPCSA practitioners may attend that activity for CPD purposes **if it is relevant to their specific** Scope of Practice. Practitioners will, therefore, not need to apply for the activity to be reaccredited by their own CPD Committee or by the Registrar in order to claim the CEUs accrued for

attending that activity. Only in the event that a practitioner is uncertain as to whether such activity falls into the relevant scope of practice, he/she is required to present information regarding that activity, prior to it taking place, for confirmation that it falls within the scope of practice of that practitioner, which confirmation will be given by the Registrar. In addition to the relevant CPD certificate issued by the Service Provider, the practitioner is required to present the following information: **name of the South African statutory health council approving the CPD activity; the South African statutory health council CPD registration reference; and nature and duration of the CPD activity. CEU allocation will be as per the AHPCSA Guidelines. Note: Any course specific to any allied health profession may NOT be approved by any other South African statutory health council, or by any other body delegated by another South African statutory health council. You are required to take care to ascertain that courses specific to allied health professions have been approved by the AHPCSA.**

- 5.8. Practitioners who are registered in more than one Allied Health profession shall be required to obtain **thirty (30) CEUs** per profession, **fifty percent (50%) of which shall be profession-specific**, with the minimum of **four (4) CEUs for the AHPCSA-approved Bioethics and Jurisprudence course forming part of the first profession thirty (30) CEUs requirement.**
- 5.9. Splitting of CEUs will not be allowed for practitioners registered for more than one profession who attend a CPD activity which is relevant to more than one of the registered professions. When attending a CPD activity which is relevant to more than one of the registered modalities, a practitioner must make a choice as to which modality the CEUs should accrue.
